General Synod Opens Sessions This Afternoon

AT LEAST 250 DELEGATES AND MANY VISITORS ARE IN ATTENDANCE

Many Important Questions to be Brought Up at Conference Held in Holland

General Synod of the Reformed Church of America opened its 103rd regular session at Hope College, Holland, at 3:30 this afternoon with Rev. Malcolm J. MacLeod, D. D., of the church of St. Nicholas, New York City, president of synod, presiding.

At this afternoon's meeting the election of officers is being held and General Synod is to get down to business.

The first session opened at 2:30 standard time, 5:30 Holland time, starting late, awaiting some of the delegates from the East.

This body is composed of 250 delegates coming from all over the United States where Reformed churches are located. At least 50 visitors, many of them wives of the delegates, swell the number present from abroad to 300.

While the opening session is being held in Hope College, the afternoon business sessions will be held in Winants Chapel and the night sessions are to be conducted in Hope's new Memorial Hall and by the way, the dedication of this \$350,000 structure Friday night of this week will be the crowning feature on the program while synod is here.

While synod opened this afternoon, it will remain in session until next Wednesday afternoon, unless some unforeseen matters come up that would prolong the sessions.

One of the important topics to be brought up will be church union. At last year's session held at New York a fact-finding committee was appointed to investigate concerning the possibilities of church union and report to this synod. This committee is understood to be ready to present a report that will give the history of all the movements of the denomination towards church union. It therefore will be an historic document of great value even if it results in no definite action.

Thursday afternoon there will be election of officers. In the evening the retiring president, Rev. Malcolm J. MacLeod of New York will preach the synodical sermon.

Dr. Robert E. Speer will speak for the Federal Council of Churches Friday afternoon. He will also present an invitation of the Presbyterian church, U. S. A., to the Reformed Church in America to unite with it.

Saturday morning will be given to business and Friday afternoon to an outing. Sunday morning the new president of the synod will preach the sermon and the Lord's supper will be administered by Rev. Thomas W. Davidson, pastor of Hope church. Sunday evening Rev. Daniel Poling, pastor of the Marble Collegiate church of New York City and president of the International C. E. society and Dr. Samuel Zwemer, Cairo, Egypt, will speak in the interest of the pension fund.

At Saturday's session more reports will be submitted. Speakers will include Rev. M. J. MacLeod, Rev. Frank S. Fry of Philadelphia, Rev. L. B. Chamberlain of New York, secretary of the American Bible society; Rev. Harry L. Bowlby, secretary of the Lord's Day alliance, and representative of the Gideons. Saturday afternoon will be devoted to recreation, followed by a dinner in Hope church.

Monday afternoon will be given to foreign missions and the public meeting on Monday evening will be in behalf of the same cause. Other speakers Monday will include Rev. James Boyd Hunter, Rev. O. M. Voorhees and Rev. Abraham Duray of New York. The afternoon program will include addresses by F. M. Potter of New York, Rev. W. J. VanKersen of Holland and Rev. W. J. Chamberlain of New York. Rev. Samuel M. Zwemer, missionary to Arabia, and Dr. Ida Scudder of India will be among the speakers. Tuesday will be ladies' day and the women will hold a service all day in a separate church.

This synod will be an important one as it is the first synod in the fourth century of the church's life. Missions will have a large part in its program as there is evidence of a decided advance along mission lines. Education will also play an important part as this is the 100 year of the board of education and it is raising a fund of \$100,000 for education.

The woman's board of foreign missions will have charge of the morning service and the woman's board of domestic missions of the afternoon service. In the meeting of synod general board of domestic missions report will be given Tuesday afternoon and will be the topic of the service Tuesday evening at the public meeting. Rev. and Mrs. John Kemper of Mexico and Rev. James Dooley of Brewton, Ala., will speak and the quartet from the Brewton industrial school will sing.

The reports made to the particular synods of the denomination which have just finished their meetings show that the year has been one of mixed gains and losses.

These figures are not official and may be somewhat changed when the corrected returns come in. There, however, will not be any very radical changes from these figures. Those figures as compared with the year before are as follows: The first figure representing 1927-28 and the second figure 1928-29.

Families, 86,785, 87,182; Added on confession, 9,582, 5861; Added by letter, 5,348, 4,510; Diminished, 3,396, 2,400; Died, 2,063, 2,299; Communicants (members), 156,089, 159,062; Absent list, 25,055, 27,765; Number of Bible schools, 751, 749; Enrollment in Bible schools, 143,585, 141,679; Gifts for Missions, \$1,067,331, \$1,039,484; Gifts for benevolence, \$118,093, \$178,990; Local church expenses, \$4,111,947, \$3,946,000 approx.

DUTCH WOODEN SHOES OF WELCOME ARE BEING DISTRIBUTED

Vaudie Vandenberg and Secretary of Chamber of Commerce, Charles Gross, started to distribute Holland's Wooden Shoes of Welcome, the cover page being embellished with a little Dutch couple standing on the shores of Black Lake. The picture has a windmill background and the Dutch images have arms outstretched, indicating welcome.

The booklet is die-cut wooden shoe fashion, gives a little bit of Holland history, plenty of resort scenes, a touch of industrial life, an inventory of what we have in this city, including our recreations, golf, etc., winding up with a map of how to get to Holland.

The booklet was compiled by the Chamber of Commerce publicity committee, consisting of Vaudie Vandenberg, A. V. Wenden, Marvin Lindeman, C. A. French, John Van Huis and Ben Mulder. Ten thousand were printed by Sietee-Van Huis Printing company.

ONLY FOR THIS WEEK—50 YEARS AGO CROWDED OUT

The column "50-25-15 Years Ago" was unavoidably crowded out this week because of dedicatory matter having to do with Hope's new Memorial Chapel. Next week the column will positively appear again on this page.

JOHN DETHMERS HEADS ZEELAND EXCHANGE CLUB

The annual election of the Zeeland Exchange club was held Tuesday as follows: President, John Dethmers; first vice president, Corey Post; second vice president, George Caball; third vice president, Dr. H. Kuit; secretary, P. T. Moerdyk; treasurer, Harry Derks. The club is planning a field and track day in the future.

SAMUEL DANIEL AND TRINITY

Two world famous preachers will have charge of the services of Trinity Church next Sunday. In the morning Dr. Daniel Poling, President of the World's Christian Endeavor Society and minister of the Marble Collegiate Church of New York City, will preach. In the evening Dr. Samuel M. Zwemer, noted missionary, will give the sermon. Both of these men are well known in Holland. Dr. Zwemer will leave this month again for Cairo, Egypt.

Miss Mildred Hinderliter of Battle Creek and Miss Hael De Meyer of Kalamazoo are the two seniors who have been honored with the distinction of being chosen to carry the arch which will head the daisy chain for the annual professional up the winding walks of Western State Teachers' college campus on the morning of June 8. The annual June breakfast will be given under the auspices of the Women's League as the opening event of the twenty-fifth anniversary celebration of the school.

Among the "Daisy Chain Bearers" this year Miss Grace Guizeau of Holland appears, also Helen Meison of South Haven. The 50 young ladies in this feature came from many different states.

Artistry Embodied in Window Designs of New Hope Memorial Chapel

The chapel windows embody symbolism and artistry of the highest type. The rose window especially is a most beautiful design. The outer circle presents the creation scene, paradise, the expulsion from Eden, Abraham leaving Ur of the Chaldeans, prosperity in the person of Solomon, the captivity and the waters of Babylon and finishes with the nativity of Christ.

The second circle is composed of conventional designs, styled after European cathedral decoration.

The insignies of Harvard and Yale, the oldest universities in the United States; Rutgers, the oldest college in the Reformed Church in America; Princeton, the oldest Presbyterian university; the universities of Lyden and Michigan are engraved in the third circle. Intermingled with these are the symbols of chemistry, literature, painting, mathematics, music and astronomy.

The seal of Hope college appears in the center of the entire group. The chancel window is divided in this manner.

The gain in membership for this year is about 2.3 per cent.

It goes without saying that General Synod is being taken care of well through the local committees who are to look after the comfort of the delegates during their week's stay as the guests of the city of Holland.

The following committees faithfully serving are: Outing and Recreation: Chm. G. J. Diekema, Austin Harrington, E. P. Stephan. Lodging: Chm. Prof. Lampen, Rev. J. E. Kuizenga, Prof. J. B. Nykerk. Dedication of Hope's Memorial Chapel Tonight

SEATING FOR NEARLY 2,000 PEOPLE HAS BEEN ARRANGED FOR

Organ Program Will Precede Speaking, Beginning at 7:30

Today, Friday, will be a "red letter" day in the history of Hope College and President Dimment says that with the exception of a few details everything is ready for the opening of the beautiful new building costing upward of \$350,000 which will be thrown open to the public tonight when the dedicatory services will be held and for which the program has practically been arranged.

All admission is by ticket and reservations have been made, seating nearly 2,000 people. Delegates to General Synod have been provided with tickets as well as the visiting clergy. Dean Nykerk states that the large \$25,000 Skinner organ will be ready, a generous gift from Mr. B. Arendshorst and his two sons, William and John, who have taken intense interest in Hope College and its welfare.

The J. C. Deagon chimes costing \$12,000, the gift of Mr. M. C. McLean and sons, Sears, James, Harold and Paul in memory of Mrs. McLean, will also be played. The McLean chimes are now installed and these have had the different groups watching the placing of the chimes and the adjustment of parts. The chiming devices, the Westminster clock and the player mechanism have been placed and all have their points of interest to the visitor.

The chimes were tried out Wednesday and Thursday and were found satisfactory.

The American Seating company provided the pews and chairs for the entire auditorium and have finished the installation work.

The dedicatory program includes two days of open house for the visitors of the public, Friday and Saturday, June 7 and 8, the building will be open and members of the faculty of the college will be present to conduct visitors through the building and to describe its various settings.

Visiting hours on Friday and Saturday, June 7 and 8, will be from 9 A. M. to 8 P. M., except on Friday when the doors will be open from 9 A. M. to 3 P. M.

The Friday evening program will be preceded with an organ concert beginning at 7:30.

The large stage is to be suitably decorated with seasonal flowers and noted plants and places of honor will be arranged for prominent visiting guests. Council of Hope College, officers of General Synod and men of prominence in the church.

The principal speakers Friday evening will be Rev. William Bancroft Hill of Vassar College, Poughkeepsie, N. Y., and Rev. Malcolm James MacLeod of New York City. Dr. E. D. Dimment, president of Hope College, is to preside. The program is to be interspersed with music suitable for the occasion, in fact, elaborate preparations have been made and drawn from Hope's nearly unlimited talent and Dr. J. B. Nykerk will leave no stones unturned to make this part of the program a feature.

For many years thereafter all chapel exercises were held there and all entertainments and commencement exercises had to be staged in this building. In order to add to the capacity of the building a gallery was built on three sides of the structure adding at least 500 to the seating capacity. This old chapel was used for many months when the section

DR. ZWEMER WILL NOT TAKE SEMINARY POSITION

Rev. Samuel M. Zwemer, world missionary, has declined the chair of missions recently tendered him by McCormick Theological seminary, Chicago. Zwemer now is attending general synod of the Reformed Church in America here and plans to return next week to Cairo, Egypt.

A Work of Art to be Dedicated This Day

HOPE'S NEW MEMORIAL CHAPEL

Interesting History Relating To Other Hope College Chapels

It is altogether fitting now as Hope's new memorial chapel is being dedicated to review shortly some interesting history as this relates to two other chapels that served their purpose in the earlier days of the institution. The first chapel was a combined gymnasium and chapel erected in 1862 and occupying the site where Carnegie hall now stands. This large rambling looking structure was built by the students themselves. These young men went out into the woods nearby, cut the timber for the chapel and after much difficulty and a year of hard work the building was ready for use.

For many years thereafter all chapel exercises were held there and all entertainments and commencement exercises had to be staged in this building. In order to add to the capacity of the building a gallery was built on three sides of the structure adding at least 500 to the seating capacity. This old chapel was used for many months when the section

K. Johnston the architect who drew the plans for Winants chapel in 1891 also drew the plans for Hope's new memorial chapel for which the cornerstone was laid yesterday.

The program on Oct. 12, 1892 was as follows:

- Exercises in charge of Charles Scott, president of Hope college;
- Chorus by students.
- Prayer, Rev. J. W. Beardslee, D. D.
- Music, "Praise Ye the Father" choir led by Prof. J. B. Nykerk.
- Address, Rev. Wm. Moordyk, president of Hope college council.
- Historical statement, Arend Visser, Esq., secretary building committee.
- Description of contents of Box in cornerstone.
- Laying of corner stone by Prof. G. J. Koller, president of building committee.
- Hymn.
- Address, Hon. Edwin T. Uhl, Grand Rapids.

SYNOD WILL ATTRACT MANY MISSIONARIES

Mission fields are well represented at the annual meeting of the general synod of the Reformed Church in America now in session in this city.

Missionaries on furlough who are planning to attend will include: Rev. and Mrs. H. V. S. Peeke, Rev. and Mrs. John L. Terborg of Japan; Rev. and Mrs. Bernard D. Hakken, Rev. James E. Moordyk, Dr. and Mrs. W. J. Moordyk of Mesopotamia, Rev. and Mrs. John R. Kemper of Mexico and Rev. Samuel M. Zwemer of Egypt.

tions, for divine praise and worship; and thereby obtain strength and inspiration for the conflicts of life.

"And may the motto of Hope college 'Spera in Deo' carved in this cornerstone be engraved upon the hearts and minds of all."

The cornerstone is of New York marble, is 2 feet by 2 feet 8 inches and is 18 inches in height. It is placed north of the main entrance and has inscribed upon it the motto in the seal of the college.

The copper box placed inside of the stone thirty-five years ago was sealed and contains the following: synodical minutes, a copy of De Hollander, De Grondwet, De Hope, De Wachter, The Holland City News, Hope Anchor, Ottawa County Times, Christian Intelligence and Mesopotamia, also sketch of life of G. C. Winant, a \$3 gold piece donated by Mrs. H. P. Searly, a sermon by Dr. A. C. Raalte and sketch of his life by Rev. H. E. Dosker. Also catalogues of Hope for 1865 and 1892 and of North Western Theological Seminary, Rutgers College and Seminary, commencement address of Rev. Dr. Mandeville for the year 1892, inaugural address of President Phelps, and of Prof. N. M. Steffens. First commencement of Hope college, memoirs of Rev. C. Van der Meulen, founder of Zeeland and Biography and sketch of Hon. N. T. Graves with photograph.

Also photographs of Dr. Van Raalte, Dr. Phelps and Dr. Scott. Memorial of Dr. A. T. Stewart, constitution of the college, architects drawings of buildings by W. K. Johnston, first application for aid to congress for improvement of Holland Harbor, signed by Dr. Van Raalte, B. Grootenhuis and others. Included in this long list was the Dec. 12, 1862, list of students, and program of exercises of cornerstone laying of Graves hall and Winants chapel.

The builder of Winants chapel was the late James Huntley, supervisor of construction was James Price. The late John Van Landegend, one of Holland's first mayors, had the contract for heating and plumbing. The building committee were G. J. Koller, J. W. Beardslee, Arend Visser, Isaac Cappon, Charles Scott, Henry W. Post, Jas. F. Zwemer. Of all the men identified with the laying of the cornerstone of Winants chapel and whose names are mentioned in this article, only two are living today, namely, W. K. Johnston, the architect, who spends most of his time at Ottawa Beach, and James Price, architect of Grand Rapids. The two donors have long since passed to their reward.

Divorce decrees were granted by Judge Cross Tuesday in circuit court to Alex. Bring, 77, against Augusta Bring, 62; Reka Rork, 38, against William Rork, 65; Thelma Kammeraad, 21, against Herman Kammeraad, 28.

COUNCIL NOTES

All aldermen were present with the exception of Brieve who was on his way to the Netherlands and was suddenly taken ill, returning home. The city fathers sent him flowers today and he is rapidly recovering.

Rev. Clarence P. Dame opened the meeting with prayer.

Benjamin Lieverse asked for the privilege of selling soft drinks in his bowling alley. There's no ordinance covering this but Mr. Lieverse was given a temporary permit to see how it works out.

Mayor Brooks, city attorney Charles McBride, city clerk Oscar Peterson, city engineer Jake Zuidema and the Michigan Municipal League Convention to be held at Grand Rapids June 25-27. Several aldermen will also attend since the meetings are so near at home. At these league meetings many questions concerning all cities in Michigan are discussed and different cities bring up questions of their own which are also gone over.

A request was received from the Stout Players Co. for the week of June 17, when they are coming here with a tent theatrical exhibition, giving road shows for a week. The license was granted.

The Detroit-Players Tent Show asked for a license to play here August 23 and 24. The troupe connected with this show perform the year around at the Civic Theatre, Detroit, and jump out a month with a tent, touring Michigan as a vacation trip, striking the resort cities only. This license was not granted since the Holland Fair comes during that week and the aldermen did not wish anything to interfere with the local exhibition. City clerk was instructed to write that if the company could rearrange their dates then a license would be granted.

A street light was asked for through petition, on 21st street between Michigan and State. A sidewalk on the north side of that street, also between Michigan and State was also asked for. Referred to the proper committees.

Hotels Bristol, Kraker, and Anselton sent in a petition objecting to private houses taking in tourists for night lodging, claiming that this was against the state license law and also objecting to the signs in the curb lots in front of these "tourist homes."

The Knickerbocker Society of Hope College extended an invitation to the common council to call at their club house on June 12 between the hours of 2:30 and 5:30 p.m. The boys are having open house. The club house, it will be remembered, is the old hospital building on Central avenue and 12th street, rendered to the society by the city.

The street committee was authorized to buy a two-ton Dodge truck for \$2,032.00 from Vanhusen Auto Co. Other bids were Henry P. Zwemer & Son, a Diamond T for \$2,253.50, Peoples Auto Sales Co., Reo Master Speed Wagon, \$2,271.75.

The street committee recommended the paving of 22nd street from State street west to Tannery Creek. There was a counter petition against this paving of eleven names, but the paving will go through just the same and City Engineer Zuidema was instructed to draw up plans, estimates and specifications.

Alderman Westing reported that during the last three weeks the Welfare Committee spent \$353.44, \$198.00 regular aid and \$155.44 temporary aid.

The building committee to whom was delegated the appointing of a custodian for the G.A.R. rooms in the city hall reported that they had named the commander of the Spanish-War veterans, who this year is George Mooney. All organizations wishing the rooms must go to him for appointments, thus avoiding confusion. The old soldiers have given up the hall since there are only four left in the A. C. Van Raalte Post and the Spanish War veterans are the next in line to carry on.

The sewer committee recommended the building of a culvert on 22nd street where Tannery Creek crosses, giving an opening on Michigan avenue for the creek.

The music committee called the common council's attention with the fine new uniforms purchased by the American Legion Band in which they "blossomed out" on Decoration Day.

The committee having in charge the opening of East 9th street some years ago closed for the enlargement of the Western Foundry, which enlargement never materialized, report progress. Alderman Wm. C. Vandenberg is in charge of that committee.

The city engineer's plans and estimates of the cost of grading 25th street between Central avenue and Lawndale court were adopted and the hearing has been set for July 3. The cost is \$903.88.

The common council adopted two sewer proposals. The first is on 25th between Central avenue and Lawndale court at a cost of \$850.

Forced Garbage Collection To Be Made In City

NO MORE PAVING FOR THE YEAR OR IN 1930

Common Council Will Help Along Stadium Project It Appears

Beside many urgent matters to come up at the Common Council meeting Wednesday night there are a few rather outstanding ones upon which action was taken. For instance a forced garbage collection is to be put on covering the entire city. The city will try this out during the summer months with Gerrit Kragt, the present garbage man in charge. The charge will be 50 cents per month, or \$3.00 for the season, and the money collections will be made by the Board of Public Works at the same time when the water bills are paid. Mr. Kragt has been instructed to get extra equipment to take care of this work and he sure will have some job on his hands to get organized. Garbage collecting has always been found to be trying to install everywhere, for some folks use at least part of the official for much in the garden, etc. It is well to give it a trial as a health measure, however.

Geo. Mool appeared before the Common Council asking that permission be granted to close 23rd street between Washington and Maple avenues. The Board owns a block of property in that vicinity and has set it aside for Holland's new stadium, but the street must be vacated in order to make the arena large enough. A vacation resolution was passed asking that this part of the street be closed and a hearing on the matter has been set for July 3.

Holland will be nearly 100 per cent paved by fall, but if there are any citizens who want some "loose ends" of streets paved they must have a petition filed by next council meeting, which will be on Wednesday, June 19. The council has gone on record calling a halt on more paving until 1931. No more contracts will be let after next meeting and positively no paving will be done during 1930.

Holland without doubt is the best paved city in the United States for its size but now the council says stop at least for two years. All paving matters will be considered however if brought in before next council meeting.

A petition was brought in by Mrs. Ida Burton, on West 10th street, claiming that her sewer was damaged when the city dug trenches for the big sewer that was laid through 10th street two years ago.

The trenches dug for this sewer were much deeper than those for the private sewers already installed, which brought many caves in under the private sewers, causing pipes to break by the pressure of earth from above with no support of earth from below. Without doubt, Mrs. Burton's claims for damage will be taken care of, which it should, and furthermore the aldermen expect to hear from others and requested city engineer Zuidema to make a survey of the sewers along that street in order to be sure that there are no more broken sewers. If he finds any he will repair them at the city's expense before the 10th street pavement is put down.

The flyers who are making their first tour of Michigan and will stop at Holland, are to be given a banquet at the Holland Country Club next Tuesday at 6 o'clock.

Members of the chamber of commerce, as well as those who are interested in flying, Mayor Brooks will welcome the guests, G. J. Diekema will be one of the speakers and some of the aviators will also be heard from.

The menu will consist of a chicken dinner with all the trimmings; cost \$1.50 per plate.

88. The second proposal is a large job, taking in the entire north River avenue section between the river and the lake at a cost of \$10,124.35. Mr. B. P. Donnelley of the Donnelley-Kelly Glass Co. generously allowed the city to go through his property with this sewer, thus saving Holland considerable expense for excavation.

Ed Westveer of the park board appeared before the council asking that the sprinkling system in the West 12th street boulevard be changed as it is unsatisfactory. The change will cost \$440.00 and the request was granted.

The common council ordered two sewers, the first on 24th street between Washington and Van Raalte avenues, costing \$2,275, and the second on 25th street between the same avenues at a cost of \$25,014.17.

The board of public works asked for permission to buy a pump to be placed over the new well on the Zeeland road, the pump to cost not to exceed \$4,500.

MICHIGAN CAN LEARN FROM IDAHO

Few people think of a potato as especially romantic. But some agencies interested in boosting the interests of the western part of our country are sending out a little booklet entitled "The Romance of the Idaho Potato." The spirit of adventure, which enables the Idaho potato to make its way about the world, seems to be the activating principle in this peculiar romance.

Idaho has demonstrated that it is a good state, but its geographical position and topographical contour would hardly recommend it as a strong competitor with the other food-producing districts of the country. It has a relatively small population; is pretty well walled in by mountains, and has a long way to go to the big markets.

Nevertheless, the agriculturists of that state have refused to be isolated. They grow wheat, not so many bushels as some of the other states, because they have not so many tillable acres, but they grow more bushels per acre on the average than any other wheat-growing area. Idaho orchardists' last year sold their apples in 44 states and in some foreign countries, and got returns amounting to about six and a half million dollars. Idaho farmers send beans into the markets of 32 states, many of them among the foremost bean-raising areas of the world.

And those romantic Idaho potatoes went by the carload into the great potato-growing states and sold at a high premium. There must be a good deal of business judgment and big business technique connected with this Idaho farm marketing that will may be given attention in Michigan.

HOW ABOUT A

BAD CHECK

The Grand Rapids Press in an editorial tends the difference in a bad check for the education of Grand Rapids business men. It seems that Holland merchants and others might benefit through that information so here it is:

Grand Rapids Press—Prosecuting Attorney Jonkman this week took time to explain to a Grand Rapids luncheon group exactly what is implied by "a bad check." Most of his hearers probably thought they knew. He surprised them.

Most people think of a bad check as either an evidence of obvious intent to defraud a creditor or else an innocent error in estimating a bank balance. But, as Mr. Jonkman points out, it is also a "credit stall." This is very pestiferous and unfortunately cannot be reached by the law. And the public should know about it.

A man who owes a standing debt and pretends to "pay" it by giving a bad check, knowing the check to be bad, may actually be within the law. In order to defraud anybody, or intend to defraud him, it is necessary to show that a fraud actually would be worked against some one. But as the receiver of the bad check in this case is no worse off before he gets it than after it is turned down—and as the debt is still owed him—fraud cannot be claimed.

This use of "rubber checks" simply as stalling-off agencies is apparently legal. It is practiced. Anybody who gives credit should know about it. In a cash transaction where value is given for value a check must be good and if it is bad and the giver knows it is bad there is a clear case of fraud. But in a credit transaction that is not the case.

It should act as a stimulus to conservative credit policies if it were more commonly understood that there is little or no danger to a debtor who passes a "phony" check.

THE GATES OF LAKEWOOD ARE AGAIN OPEN. THE GENIAL HOST, HIS ARMS OUTSTRETCHED, IN HOSPITALITY.

Lakewood Farm is again open to the public with the summer of 1929 and the guests and visitors will go through a new portal into the Getz gardens, where Holland's genial host, George Getz, and Supt. Petersen and the entire Lakewood family are on hand to give all who come a royal welcome.

The new gateway is at the east end of the short stretch of road that Mr. Getz exchanged with Park township for a 200-foot stretch a quarter of a mile further south. Anyway the opening of Lakewood Farm at this time is rather auspicious considering that General Synod of the Reformed Church of

America is meeting here and have received an invitation from the chief of Lakewood asking them to come to his estate for a visit.

This invitation has been accepted and the delegates will be privileged to see everything there is to see, and surely a transformation has taken place during the last half year. The greenhouses have been enlarged and are filled with fruits and flowers, in and out of season. The orchards have been added to and the zoo is now a tremendous institution, especially since the Getz hunt in South Africa: The elephant, the tigers, lions, and leopards are all there. There are nearly 100 different kinds of monkeys; there's a baby hippo and a baby rhino, Russian bears and native bears, buffaloes, large snakes from tropical climes, and what is more, there's a herd of reindeer, a gift to Mr. Getz, very rare in this climate and very valuable.

Mr. Getz also has added some beautiful birds, among them peacocks, eagles, owls, pheasant, fancy pigeons, parrot varieties, etc. The smaller animals, such as beaver, mink, muskrat, Michigan products, are also on exhibition, and a very interesting feature is a large grotto built of rock in which are caged a couple of polar bears from "Greenland's Ice Mountains."

The Getz museum contains many stuffed animals and very rare birds, the result of the hunt in Africa, also intensely interesting to see. Each contains a history as this relates to the "trek" through the African wilderness a year ago. Space forbids to tell all the rare things that visitors can see at Lakewood Farm. We will say that the sight is wonderful and surpasses anything yet attempted by Mr. Getz. The delegates of General Synod will be agreeably surprised, as will the million patrons who will no doubt come during the four summer months.

Then again, Mr. Getz was thoughtful, for after the guests on the sight-seeing trip have become fatigued he has provided a large pavilion on the lake front, overlooking Lake Michigan, where his guests may rest and enjoy a beautiful view of the "big lake" and lull in its cooling seeps. Could a host be more thoughtful?

Dr. Dimment As "Author" of the Memorial Chapel

BY IVAN C. JOHNSON

It would be impossible to make a list of the persons who have helped to plan, build, and perfect our wonderful new Chapel, but if such a list were obtainable, it would be headed by the name of our own president, Dr. Dimment. He has been instrumental in the fund-raising, in the planning of it, through his untiring efforts, we have the best and the most beautiful chapel that is possible under the circumstances. Family details, which the ordinary observer would not see, have been detected by his watchful eye until now the Chapel stands flawless in its grandeur, like a beautiful hymn "turned to stone." Dr. Dimment has exceeded us all in enthusiasm and appreciation for our Chapel, and has succeeded in communicating his zeal to the whole student body. He has been the source of the great plans and preparations for the dedication exercises, which will fittingly open the doors of this sacred edifice. Surely Dr. Dimment is more than deserving of the title, "Author of the Memorial Chapel." It will always remain as a memorial to the untiring efforts and the inextinguishable ardor of our worthy President.

EX-HOLLAND DEALER, FATHER OF 15, DEEMS SELF RICH AND HAPPY

Grand Rapids Press:—William Steltema, former Holland fruit dealer, lays claim to the largest family in the counties of Allegan and Ottawa. The family now numbers 15 children with the recent addition of Ruby Jacqueline. "I am one of the happiest and richest men in America," remarked Steltema. No twins are numbered among the children and girls are in the majority.

Although the Steltemas have experienced hard knocks through sickness, sunstroke, fires and property damage by lightning, these are considered minor incidents as compared with the happiness in rearing a large family.

One of the boys has been christened Henry Ford. All the children have two given names. The Steltemas came to Holland from The Netherlands about 16 years ago. They live on a farm south of Holland.

HAVE FAMILY REUNION AT KALAMAZOO

Mr. and Mrs. J. C. Van Leeuwen and family have just returned from Kalamazoo where a celebration was held commemorating the 40th anniversary of the arrival from The Netherlands of the descendants of Mr. and Mrs. A. Verburg, parents of Mrs. Van Leeuwen, who are well known in Holland.

The celebration continued over Sunday with all present and it was rather unique that there was a minister in the family, namely Rev. Dr. J. A. Verburg of Columbus, Ohio, who delivered the sermon and officiated at family worship on the Sabbath day. The mothers of the three families present were sisters, therefore the reunion planned at Kalamazoo, where most of them lived. The only remaining sister was also present and was very happy in spite of her 77 years of age. She is Mrs. B. Trimpe and lives at Jensen, Mich.

The guests began to arrive on Saturday afternoon at the Columbia Hotel. In the evening a varied program was taken, including the showing of slides taken at Zeeland, Netherlands, by the Rev. J. A. Verburg on his trip abroad some time ago. They were very interesting pictures, but especially so to the older ones who could easily recall the days when those places were their homes.

On Sunday morning Dr. Verburg preached a very touching sermon enjoyed by each one, the services being held in one of the fine rooms at the hotel. At 12:30 the guests, numbering about 80 proceeded to the dining room where a fine banquet was prepared. At this time, Jacob Verburg presented a beautiful chest of silverware, given by some of the relatives, to his sister, who, with J. C. Van Leeuwen, celebrated on that day their 25th wedding anniversary. After the banquet, the guests all drove to the Normal campus where a number of pictures were taken. At this time, many departed to their homes, while those from far stayed till Monday morning. All were happy at this anniversary and sincerely hope that another meeting of the same nature might again be held.

Those present were the Van Leeuwen family of Holland, Rev. J. A. Verburg and Mrs. Verburg of Columbus, Ohio; Peter, John and Jacob Verburg and families from Chicago; descendants of Mr. B. Trimpe of Jensen and Grand Rapids and the descendants of Johannes De Jonge, mostly living in Kalamazoo.

JUNE OPENS WITH FROST

June came in with light frosts which nipped some of the spring planting on the low lands and some of the flowering fruit trees. C. P. Milham, Ottawa county agent, could give no accurate account of the damage.

The temperature Monday morning was 41, and Tuesday morning was 40, just a few degrees above freezing and forced those who get out early to don coats again and get out the old coal shovel. The early grapes may be harmed a little, and the Spring Lake grower today, but it is doubtful if the late crop has been harmed.

PAUL HINKAMP OF HOPE COLLEGE TALKS ON SCIENCE AND RELIGION

The Holland Exchange Club held a very interesting meeting on Wednesday noon, June 5th. Peter Boter and Gyles Kleis, sons of Exchange-ables Dick Boter and Al Kleis, entertained with a marimbaphone and piano duet, and John Ter Beek led the Club in singing several songs. President Wm. Olive appointed the following nominating committee to report at the meeting of June 19, the last luncheon date for this year: Dr. A. Leenhouts, Geo. Pelgrim, Sears McLean. This committee is always chosen from the ex-presidents of the Club. Secretary Lampen will attend the State Exchange Club meeting at Port Huron, Mich., on June 17 as a representative of the Holland Club.

The speaker for the day was Prof. Paul E. Hinkamp, a member of the Club. His subject was, "An Horizon or a Center," and his address proved to be a challenge to clear thinking and was appreciated by all the members present.

Cardinal Newman, according to the speaker, changed his faith in order that he might have, as he said, a horizon to his thinking. But this, the speaker continued, really does not exist. It is only an imaginary thing and constantly recedes. Knowledge and truth do not meet for we can never know all there is to be known. So to get under a dogma to avoid thinking would be dangerous as mysteries exist everywhere and challenge us constantly.

Continuing, the speaker said some people have just a memory mind while we should have an imaginative mind. To illustrate how little after all we know about anything, he discussed the working of the human eye, how we can up to a certain extent explain its marvelous mechanism and its operation but further than that we know nothing. The new school of philosophy called Behaviorism tries to explain everything by chemical and physical process but how could a mother's love be explained by a chemical process or a soldier's patriotism by some physical formula? Even the real nature of something so common as paper becomes a deep mystery whenever we consider how matter is composed of molecules, atoms, and electrons, each atom being a constellation with a definite number of electrons going around a positive nucleus.

He quoted a saying of the old Greeks, "Drink deeply of the well of knowledge or drink not at all." The true result of a real education is to make a man humble and reverent. Principles are always the same. The center of our religion should be and must be God as it is of all true scientists. The center of business is service and not making of money. Edison, he stated, will be remembered for his services and not for the money he made. Finally, he said, in culture the center is beauty.

The whole address showed deep thought and was thoroughly appreciated by the members present at Warm Friend Tavern.

Mail Men Sure Enjoyed Our Hospitality

THINK HOLLAND IS A BEAUTIFUL CITY AND PEOPLE ARE WONDERFUL

Of the 75 or more postal clerks who visited Holland during the Michigan State Association of Post-office Clerks convention, there was not one who did not sing the praises of this city and its hospitality. The day was ideal to begin with, the convention hall was right across from Centennial Park, "the most beautiful one they had ever seen." There was activity in the park since Holland was holding its Memorial Day exercises, which meant music and singing and under these auspices it was rather timely for the delegates to arrive at the Women's Literary Club rooms where the convention was to be held.

When the convention opened in the morning Alderman Wm C. Vandenberg ably gave the address of welcome since Mayor Brooks at that time was speaking in Centennial Park.

Then in the afternoon George Getz personally was at the gate of his estate, Lakewood, and welcomed the visitors when the Holland motorcade arrived and what a wonderful sight to these folks who had never seen nor did they expect to be taken to such a place. Well, they saw it all—Holland, Holland's resorts, Lakewood, and everything, and it surely started tongues wagging favorably as far as Holland is concerned.

The delegates were also taken up with the speech made by A. H. Landwehr of the Holland Furnace Co. and he has made plenty of "Warm Friends" among the clerks not speaking exactly in terms of furnaces.

The sessions, the outing and the banquet were great successes from every standpoint.

The morning and afternoon sessions were largely devoted to business pertaining to the interests of the postal service.

The convention adopted a resolution supporting the Dale-Lehl-back bill asking a 30-year optional retirement at the age of 63 with annuity at \$1200 per year instead of the present law of retirement at 65 with annuity of \$1,000 per year. Another resolution was passed asking for a vacation of 30 days comparing with the vacation of the officers and employees of the other federal departments. Considerable time was given to adopting of resolutions regarding remedial legislation. Group insurance now carried by the association was also under a lengthy discussion.

After reconvening at 1:15, a group picture was taken in Centennial Park.

The banquet was held in the evening in the Women's Literary Clubhouse. Seats were reserved for about 150 guests. Anthony Nienhuis made an able toastmaster and A. H. Landwehr delivered an address on "The Relation of Big Business to the Postal Service." Postmaster Ed. Westveer spoke on behalf of the local force and passed cigars to the men and candy to the ladies.

The banquet, and it was a "bang up" spread, was in charge of Mrs. Anthony Nienhuis and the wives of the other local clerks.

F. Curtis of Lansing was re-elected president of the Michigan State Association of Postoffice Clerks at the annual meeting held here Memorial day.

Other officers re-elected are: Vice presidents, Richard J. Van Kollen of Holland and Owen D. Smith of Pontiac; secretary, Carl Shook, Alma; treasurer, R. L. McKay, Muskegon Heights; board of finance, Hugh E. Gibbs of Grand Rapids and Leon L. Mays of Alma. A state women's auxiliary was organized with the following officers: President, Mrs. Hugh Gibbs; Grand Rapids; vice president, Mrs. L. Aiten, Lansing; secretary, Mrs. Carl Shook, Alma; treasurer, Mrs. A. A. Nienhuis, Holland.

Miss Dora Rutgers is spending two weeks with her sister in Ellsworth, Michigan.

NEGRO SHOT IN BOX CAR IS DEAD AT LAST

ROBERT BEST CAUGHT AT HOLLAND SON OF BAPTIST MINISTER TO BE HELD FOR MURDER

Charles Treat, colored, and age 39, died at Hatton Hospital from the effects of a bullet wound received in a fight in a Pere Marquette Railway box car at Grand Haven. The body was taken in charge by Coroner Govert Van Zantwick and removed to the Van Zantwick Funeral Home.

The body was x-rayed and the bullet recovered. It proved to be from a 32-20 revolver and will be used in the case which will come up for trial in September and October.

Treats was taken to the office of Dr. S. L. DeWitt, Grand Haven, Wednesday morning and died following his return to the hospital. The bullet was found in the spinal column. Paralysis of the lower limbs resulted from the wound and the doctors said recovery was improbable.

Messages to the widow and other relatives revealed none wanted to take charge of the body so it was buried from the Van Zantwick Funeral Home Saturday and the coroner provided a grave and Rev. Henry Beltman of Grand Haven officiated at the funeral.

A jury, called, included: Mel Peol, Eber Sheffield, Edward Moll, P. C. Kist, Joe Wierenga and John Reichardt, all of Grand Haven.

Best and four other colored men have been held in the county jail since the shooting.

According to Sheriff Stoketes, Best identified by Treat before his death as his assailant, is becoming nervous since the death of Treat. He has been kept in solitary confinement. He has maintained he knows nothing of the shooting. The revolver has not been recovered although the sheriff's deputies have been looking for it from Grand Haven to Holland along the Pere Marquette right of way. Best was caught at Holland by Sheriff Stoketes and his men together with other negroes who had herded at Watervliet, waiting out. It was in a box car in a freight that was passing through Grand Haven at the time going from Muskegon to Holland and after the shooting Best kicked the supposed body out of the car onto a street where the unfortunate man was found still alive and also shoved out Robert Dove who was with Treat.

Robert Dove, partner of Treat, also identified Best as the man who assaulted them Friday night as they were stealing a ride from Muskegon to Chicago. Three other colored men are held in connection with the murder.

Mr. Labarge was a blacksmith and wagon maker by trade and during the Civil war he was enlisted and shot army mules at the front and sometimes under fire. He was with General Sherman in his march to the sea. Of all his children only one survives and she lives in Pasadena, Calif. Mr. Labarge was the last surviving veteran of the Civil war living in Hamilton and until this year always took a leading part in our Memorial Day exercises.

Dick Grinwis, who is employed in Grand Rapids, spent a few days with his parents in this city.

ZEELAND STUDENTS BANQUET AT WARM FRIEND TAVERN ON PIRATE SHIP

Rather a unique spread was laid by Landlord Leland at Warm Friend Tavern for the junior and senior classes of Zeeland's public schools.

The annual event was alive with good cheer and the table settings and feed smacked of the "Jolly Rover" and pirate ship in each cover small brigantines in yellow were evident and this nautical aspect was carried out in the menu card as well, where hardtack played an important part in the bill of fare and stowaways, bullets and daggers constituted the entrees. Rather indigestible rations to be sure but no aftermath it appears has resulted.

The table decorations were tastefully arranged, the color scheme being white and yellow, the colors of the school. At intervals yellow tulips and white sprays put the finishing touches to the festive board.

"The Good Ship Zeeland High" was the essence of the evening's program attentively listened to by at least 125 Zeelanders. Other features on this "wind jammer" were contributions by Helmsman, Jack Plewes; Fair Strens, Earl Miller; Walking the Plank, Marie Bouwens; Fog Horn, George Van Poursem; Typhoon, Mr. Rogers; Pirates in Troubled Waters, Winona Wells; Gentle Breezes, Helen Clark; The Good Ship Z. H. S., Marion Vanden Bosch; Bon Voyage, Estelle Karsten.

ZEELAND SIGNS CONTRACT TO ISSUE WATER SUPPLY

The contract between the city of Zeeland and the Harmon Ness Co. of South Bend has been signed, whereby the Harmon Ness Co. will drill a well to produce 500 gallons of water per minute for 24 hours daily or they will not receive their remuneration.

The company already has begun work and it will be only about six weeks before the city will be able to use the water from the new well. Rerouting of M21 forced the city to change one of its pump houses, as the well at this site will be discontinued. The pump will be used on the new well. The present supply of water is far short of that needed as the six pumps are producing only 576,000 gallons per day. With the addition of the new well the city will have access to a surplus of 125,000 gallons per day.

LAKE MICHIGAN BEACH LITTERED WITH SCRAP

Wienie roast parties will not be handicapped for lack of material for fires on the summer moonlight nights. The high water and breakers have washed logs, boards, stumps, parts of beams and all sorts of scraps upon the beach. The material is sun-cured and can easily be converted in huge bonfires.

Persons walking along the Lake Michigan beach from the state park to Idlewood, northwest of Holland, on Memorial day found loads of stuff afloat ashore. Sections of the beach are entirely obliterated, leaving cottages no access to the lake from their summer homes.

Missionaries From Hope Tell of Their Escape

CLARENCE HOLLEMAN WHO IS BIG MAN MAY FIGHT HIS WAY TO FREEDOM

Communists Attack Missionary Post; Others Escape in Native Clothes

The Canadian church mission representative at Kivitch, Honan, writing from Sunchow, Anhwei, under date of May 22, said fifty foreign missionaries were unable to evacuate the area likely to be affected by the impending Chinese civil war, since Gen. Feng Yu-hsiang had destroyed the Lungai railway. An overland trip out was being considered.

These missionaries, the letter stated, include 25 American and British at Kaifeng and six at Chenchow. He said Feng's soldiers

REFORMED MISSIONARY ESCAPES FROM CHINESE

Official foreign sources told said that Rev. Clarence H. Holleman, graduate of Hope College and an American Reformed missionary who was captured and held for ransom by Communists at Lungyenchow, southern Fukan, May 22, had escaped.

A letter received at Amoy from Lungyenchow said the missionary after four days had eluded 3,000 brigands and started east toward Tapu, Kwangtung, apparently hoping to reach Swatow.

Holleman's wife and children escaped capture originally and made their way to Amoy.

virtually wrecked Lungai, destroying telephone and telegraph lines. They also tore up the railroad lines.

The country was said to be full of Feng's soldiers, who, however, were doing little fighting.

Although still suffering from nervous shock, Mrs. Clarence H. Holleman and Mrs. Henry Poppin, both graduates of Hope college whose homes had already been raided by Chinese soldier-bands, were able today to tell something of their thrilling experiences during the looting of the Lungyenchow mission and their escape to Amoy in Chinese clothing.

Mrs. Holleman's husband, Dr. Holleman of Springfield, S. D., was kidnapped by the Chinese, who said they needed him to treat their wounded. The refugees said 2,000 communist soldiers attacked the missionary compound of the American Reformed Presbyterian mission. "We had risen early and were finished with breakfast," Mrs. Poppin said, "when we were awakened by the sound of a machine gun. My son, Kenneth when rifle firing began near our house and enemy troops were seen approaching. Realizing the danger, I hurried with the children to the girls' school. There was no time to collect personal effects, Mrs. Holleman with her children joined us at the school."

"This location soon became precarious, as marauding troops were firing their rifles recklessly. We attempted to enter the homes of Chinese friends, but they refused, having no room for us and feeling that our presence might endanger the lives of the entire Chinese family. However, other Chinese friends gave us Chinese clothing and directed us to an empty house where we hid throughout the day. Consequently I do not know of the detailed activities of the looting troops throughout the day."

"We ate such Chinese food as could be obtained along the way. The miserable stopping places were made worse by a heavy rain which poured upon us in torrents. This made the road slippery and dangerous when traveling after dark. "Saturday night, May 25, cannot be fully described. It was full of horrors, fears of bandits, near exhaustion and rain storms. Rain was pouring, lightning flashed and the thunder echoed through the mountains. We were wet to the skin and the children were crying and tired, often wading knee deep through muddy waters. How we did it I don't know."

Mrs. Holleman, her two children and Mrs. Henry Poppin, wife of another missionary who arrived at Amoy, China, were suffering from nervous shocks from their experience. The four days travel across the mountainous bandit infested country from Lungyenchow through heavy rain storms completely unmoored them.

Dr. Holleman was led away with his hands bound behind his back, his wife said. She and Mrs. Poppin escaped with only two small baskets of personal effects. The band was led by Miaotse-lung, who last month routed the mission station at Tingchowfu on the western Fukien frontier.

Classmates of Dr. C. H. Holleman, who was captured May 23, declared today that if he lived he would fight his way to safety. He is a large man, they declared, and his physical strength and pleasing personality may go a long way toward saving his life.

Mrs. Poppin is a daughter of Mr. and Mrs. John N. Trompen of Grand Rapids. With her husband she has spent nearly nine years at the Lungyenchow station, having been sent to China in 1918. All four of the missionaries were classmates of Hope College, at Holland, where they graduated.

Don't Let Your Community Make the Same Mistake

Within recent years many communities have made the mistake of paving their roads and streets at what they considered a "bargain price." The taxpayers thought they would save thousands of dollars.

In many instances the maintenance has not only wiped out the hoped for savings, but has exceeded original cost. And in many cases also it has been necessary to build entirely new pavements—of permanent construction.

There are communities, however, which know the cheapest is not always the best. Many of these also built roads and streets several years ago. And they built for permanence with concrete.

These concrete pavements, built in accordance with approved standards of construction, are in as good condition today as when they were built.

Which of these communities will yours be?

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By Rev. P. B. Fitzwater, D. D.
Dean, Moody Bible Institute of Chicago
(© 1929, Western Newspaper Union.)

Lesson for June 9
THE STORY OF THE RECHABITES
(Temperance Lesson.)

LESSON TEXT—Jeremiah 35:1-19.
GOLDEN TEXT—We will drink no wine.
PRIMARY TOPIC—Strong to Do the Right.
JUNIOR TOPIC—Loyal to Do the Right.

INTERMEDIATE AND SENIOR TOPIC—Accepting a High Moral Standard.
YOUTH, PEOPLE AND ADULT TOPIC—Forms of Modern Persecution.

I. Who Were the Rechabites? (1 Chron. 2:35).

They were Kenites of Hemath of the family of Jethro, Moses' father-in-law (Num. 10:29-32, cf. Judges 1:16). They entered Canaan with the Israelites. It seems that in order to preserve their identity they chose a nomadic life. Saul was considerate of them (1 Sam. 15:6). They were characterized by:

1. Abstinence from strong drink (35:8). 2. Voluntary poverty (35:9). 3. A nomadic life (35:10).

II. The Rechabites Tested (vv. 1-5).

In the days of Jehoiachin the Lord charged Jeremiah to bring the Rechabites into the house of the Lord and test them regarding the drinking of wine. This he did in a place where the people might behold them, the aim being to teach Judah by example. The father of the Rechabites had given the command that they should not drink wine. Their filial obedience put to shame the children of Judah for their lack of obedience to their Heavenly Father. Jonadab, the father of the Rechabites, was only a man, but the commands which Judah disregarded were from the Almighty God, their Creator and Savior. They stood the test. They were loyal to the traditions of their fathers, even turning away from the luxury and degeneracy of Judah and maintaining their simple life. It is God's plan that every man be tested. Being a free agent, he can have character only through testing. It was for this reason that God placed Adam and Eve in Eden and permitted the devil to test them. While we should be concerned about the removal of temptation from men, we should be more concerned with teaching them their responsibility and showing them how to overcome it.

III. The Filial Loyalty of the Rechabites (vv. 6-11).

Though they were out of their own country and among a foreign people, they refused to drink wine, declaring they had been true to the instructions of Jonadab all their lives. Obedience to his instruction had been practiced by the men, women and children. It is a fine thing when children keep in mind their fathers and render obedience to their commands.

IV.—The Loyalty of the Rechabites Contrasted With the Disloyalty of Judah (vv. 12-16).

1. The appeal (vv. 13, 14). This appeal was made on the basis of the filial loyalty of the Rechabites. He reminded them that though their father had been dead a long time, the Rechabites remained loyal to his command. The prophet appealed to them not only on the ground of their example, but on the ground of God's earnest entreaty through the prophets who had come to them in person.

2. The ministry of the prophets (vv. 15, 16). When the people failed to render obedience to God, He sent them prophets who pleaded with them to amend their ways by turning away from idols. Matthew Henry indicates the point of contrast somewhat as follows:

(1) The Rechabites were obedient to one who was but a man. The Jews disobeyed the infinite and eternal God. (2) Jonadab was dead long since and could not know of their disloyalty or correct them concerning it. God is all-wise, lives forever and will punish the disobedient. (3) The Rechabites were never put in mind of their obligations, but God sent His prophets who rose up early to remind Judah. (4) Jonadab left the charge, with no one to bear the expense of the charge, but God gave Judah a goodly land and blessed them in it. (5) God never led up His people to any hard task as did Jonadab, but God's people disobeyed Him, while the Rechabites obeyed their father.

V. Judgment Upon the Jews for Disobedience (vv. 17).

God declared that He would bring judgment as pronounced against them.

VI. The Rechabites Rewarded for Their Loyalty (vv. 18, 19).

Because they had been true to the commands of Jonadab, they should have continued representation before God. Such is God's regard for filial obedience that He would not permit this act to go unrewarded.

Grand Rapids, Monday, June 10
